

DIESEL MECHANIC

THE COMPANY

In business since 1969, Interport modifies and sells new and used shipping containers, serving customers throughout the Northeastern U.S. Established in 2004, Interport Secure Parking operates 24/7/365 secure facilities in Newark, NJ and Savannah, GA where local and regional intermodal drayage truckers park and store loaded and empty import and export containers being transported for global cargo owners, ocean carriers, and third-party logistics providers. Interport proudly employs and empowers a diverse team of exceptional individuals committed to providing our customers superior products, services, and solutions.

THE POSITION

The Diesel Mechanic is responsible for performing preventative maintenance and repairs on Interport's vehicles and equipment which include gas and diesel-powered engines, hydraulic, electrical, and air brake systems. This role plays a critical part in the continued success of the company and the safety of its team members.

MAJOR DUTIES AND RESPONSIBILITIES

- Ensure all Interport vehicles and equipment are always kept to company standards.
- Perform preventive maintenance (PM) services, inspections, and repairs according to the M&R Department's vehicle and equipment service schedule.
- Rebuild/replace engines, transmissions, or rear ends as needed or scheduled following ASE best practices.
- Act as the liaison between Interport and its M&R vendors for all assigned, outside vehicle and equipment repair or PM services.
- Assign outside repairs or PM services to the appropriate vendor when necessary.
- Ensure all repairs are completed correctly, in a timely and efficient manner.
- Maintain all service-related documents to ensure the accuracy of the quarterly and annual M&R reports.
- Keep M&R Shop neat, organized and safe at all times.
- Complete special projects as required.
- Remain cross-trained in the various areas of Secure Parking operation.

MINIMUM REQUIREMENTS

- Graduate of Tech School for Diesel Mechanics (or equivalent y experience working with class 8 trucks).
- 3+ Years' experience in a class 8 diesel repair shop.
- ASE Certification in Diesel Mechanics.
- Hydraulic experience is a plus.
- Mechanic with tools preferred.
- Trucking-related experience preferred.
- Valid Georgia driver's license with a clean driving history.
- Strong verbal & written communication and interpersonal skills.
- Ability to perform intermediate-level computer tasks with a strong emphasis on Microsoft Outlook and Excel.
- Willingness to work additional hours, including off-hours "call-ins" and some holidays.

Employment is subject to the completion of due-diligence inquiries, including a background check and a pre-employment medical examination including a drug and alcohol screen, which will take place after a conditional offer is made.
